Fabulous...La Dolce Diva!!

For any Fabulous girl that has been to Italy...you know it's a magical place. For Jennifer Kirkwood, her love and passion for Italy's opulence, beauty and sophisticated style lead her to create La Dolce Diva. La Dolce Diva promotes the philosophy that every woman deserves to nurture and pamper herself and her inner diva every day. This luxurious Bath & Body product line celebrates the beauty and power of Italy & womanhood. With delicious flavors such as Strawberry di Chocolata, Almond Biscotti, Gelato, and Tiramisu as part of the "Sweets of Italy" collection and the sweet floral scents of Rose, Honeysuckle blossom & wong-shi blossom (White Gardenia) all part of the "Garden's of Italy Collection" every Fabulous girl with find something they love. Try relaxing in a warm bath with a soothing salt soak, soy candle, or the fabulous Body Polish Crème. Dolce Divina's & Bella Divina's Body Polish Crème gently exfoliates and sloughs off old skin without leaving an oily residue on your body or your bath. Made with a moisturizing creamy base and crushed walnut shells, this body polish is sure to leave you Diva soft from head to toe! One of my personal favorites is the La Dolce Diva travel or gift kit which

includes... 2.5 oz. Foaming Body Wash, 2.5 oz. Body Crème Lotion, .15 oz. Luscious Lip balm or 3 oz. Soothing Salt Soak & 4 oz. Aromatic Soy Candle....all packed in a cute reusable vinyl bag. Be whisked away to a charming Roman cafe or a Florentine garden without ever leaving your home! Fabulous!!

I know you're going to love it...check out <http://www.ladolcedivainc.com/>
